No. 15
Established 1921

Spring ANNUALS • PERENNIALS • SEEDS Edition

LIFE GOES FROM HOPE AND ANTICIPATION (WITH WORK) TO FULFILLMENT

New Aster Plants Hearten Gardeners

The new WILT RESISTING ASTERS have given gardeners sufficient courage to again try these very desirable and useful subjects, which formerly sometimes were troubled with disease. The seeds of the Wilt Resisting Asters cost somewhat more than the ordinary sorts, but can be used successfully where previously disease has been troublesome. I am offering this year for the first time, plants of this new strain, in many beautiful colors: American Beauty, Rose, Lavender, Crimson, Carmine, Rose, Peach Blossom, Purple and White. Mixed Seed, pkt. 20c. A. R. S. Wilt Resistant Aster Plants, 20c per doz.; 3 doz. 50c; 7 doz. \$1.00.

GROW SNAPDRAGONS WITH OUR OWN NEW, RUST RESISTANT PLANTS

For summer cut flowers, for your home, church or club there is nothing so easily grown that will produce as many flowers for cutting as our new strain of Rust Proof, Medium Height Snapdragons.

The large flowered new strain of medium height snapdragons is grown from the best seed obtainable and are exactly the same type the florists grow under glass. This strain produces bushy, compact plants about 18 inches tall and are not inclined to topple over as the so-called tall varieties.

Strong plants pinched and branched; from soil; ready about April 20th. Brilliant Rose, Rich Maroon, Bright Orange, Golden Yellow, Mauve and White in a gorgeous mixture. Seed pkt. 25c.

Strong Rust Resistant plants 20c per doz.; 3 doz. 50c; 7 doz. \$1.00.

ANOTHER VALUABLE ANNUAL FOR CUT FLOWERS Dwarf Double Scabiosa

Scabiosa does well in widely different kinds of soil and blooms profusely from mid-summer until fall, supplies superb cut flowers. Height 18-24 inches. Our mixture contains unusually bright colors: Peach Blossom, Lavender, Maroon, White, Rose and Firey Red. Seed pkt. 10c.

Strong plants 20c per doz.; 3 doz. 40c; 7 doz. \$1.00.

(Continued on page 2)

THE HOME OF A. R. S. PLANTS

CHRYSANTHEMUMS Queen of Autumn Flowers

Gorgeous autumn blooming plants, producing a lavish profusion of colorful flowers just at a time when other plants are beginning to fail. When planted in sheltered locations, particularly at the base of walls, buildings or shrubbery, the chrysanthemum is wonderfully satisfactory, producing an effective display long after the ordinary garden flowers are destroyed by frost, even after light falls of snow, it is sometimes possible to cut uninjured clusters.

Giant Exhibition, Tiny Buttons, Medium Buttons, Pompons, Singles, Anemones and Ball Types. Each type producing gorgeous flowers in shades of Gold, Red, Yellow, White, Rose, Cream and Bronze.

For the convenience and guidance of my customers, I have arranged the different varieties in classes, according to their type and characteristics of growth, therefore, making it easy to select plants of various colors to be grown in certain locations, as pots, beds, rockeries or protected frames.

(Continued on page 4)

Azalea Flowered Chrysanthemum

PINK CUSHION—A descriptive name. A 30-inch rounded mound of beauty, from July into October. The earliest pink 'Mum to bloom, with countless rosy buds and 2-inch opened flowers. A broad, low mound completely covered by its captivating flower clusters of tender lilac, blush and ivory white.

40c each; 3 for \$1.00; doz. \$3.50.

See page 4 for other Chrysanthemums

PACHYSANDRA Japanese Spurge

Most Satisfactory Evergreen Ground Cover

Pachysandra is recognized as the hardiest, quick growing, dense covering that we can establish in dense shade, under trees and shrubbery and other unsightly, shaded places where it is impossible to grow grass. It quickly adapts itself to the conditions under which grass will not grow. Quickly forming a thick mat of clean, green foliage about 8 inches high. Plants should be set 6x6 inches apart for quick, dense coverage.

Thrifty one year plants, 25 for \$1.00—100 plants, \$3.00; 500 plants, \$13.50; 1000 plants, \$25.00.

(Continued on page 6)

Hardy Gardens Planned and Planted in Solid Colors

are fast gaining in favor. By planting three, six or more of any variety used, according to the space and size of beds available. Using perennials for the main planting and as the season advances filling in with well selected annuals to conform with the desired color scheme. Such plantings are desirable and very effective, due to the mass of color it produces; far outdoing a single plant in bloom here and there throughout the beds.

Sempervivun Gardens Become Popular

The past few years has seen many new introductions in the Sempervivun

(Continued on page 3)

GROWING PERENNIALS

BEAUTY MARKS NEW PETUNIA

Ruffled Mammoth Compacta

"Martha Washington"

(Given an award of merit by the "All American Council 1934.")

A new break in Petunias. Martha Washington, is a ruffled or frilled, dwarf, compact grower, about 9 inches high. Forms a perfect ball, literally smothered with lovely frilled blooms about three inches in diameter. It's neat compact habit has never before been

NEW PETUNIA "MARTHA WASHINGTON"

seen in Petunias. The color is quite remarkable. The frilled portion of the flower is a beautiful Blush Pink, the center is strongly veined a rich wine-red, deepening in the throat to dark violet. Suitable for borders, bedding, pots or window boxes.

Strong plants 25c per doz. Soil transplanted.

3" Pot Plants \$2.00 per doz. Express charges collect.

See page 6 for other Petunias

NASTURTIIUMS

Gorgeous Gleam Hybrids

New, sweet scented, double Nasturtiums are comparatively new in the flower field, and have been acclaimed quickly and praised highly by all who grow them. Large bunches of sweet scented blossoms may be picked daily from the free flowering plant in such

colors as: Golden Yellow, Orange Scarlet, Salmon, Cerease, Cream, Orange, Maroon, Crimson. Our plants are grown from cuttings and therefore assure you of true double flowering stock in the above mixture of colors.

Strong plants 35c per doz.; 3 doz. \$1.00.

OLD FASHIONED GARDENS' ANNUAL LARKSPUR

Tall, Branching, Double-Stock Flowered

Glorious spikes for beds or cut flowers all summer. Larkspur is a favorite for its beauty in the garden and its effectiveness as a cut flower. It is quick and easily grown, producing many graceful erect spikes of gorgeous blooms during the whole summer. This annual, which is similar to the hardy delphinium, has a special advantage of embracing a wider range of colors and does well in almost any soil in a sunny exposure; blooms all summer. Plants in the following colors, mixed: Carmine, Sky-blue, Exquisite Pink, Orchid, White and Dark Blue. Seed pkt. 10c.

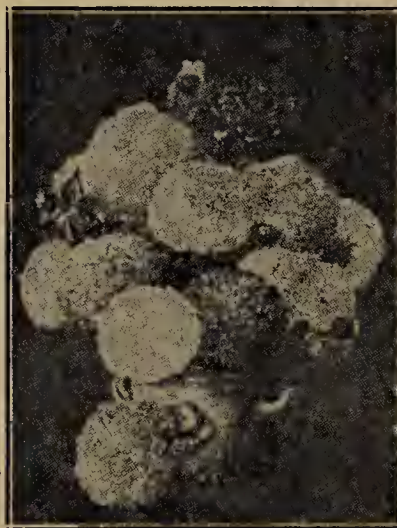

Strong plants 20c per doz.; 3 doz. 50c; 7 doz. \$1.00.

SALVIA—AMERICA

Undoubtedly the earliest, freest and most continuous bloomer of all Scarlet Sages and what is still more important the most uniform in habit of growth. The bushy plants do not grow over 15 inches in height with spikes of brilliant, scarlet flowers thrown well above the plant. The importance of this uniformity will be appreciated by those who use Scarlet Sage for beds or borders.

A. R. S. Plants 25c per doz.; 5 doz. \$1.00.

Pot grown plants 10c ea.; \$1.00 per doz.; 6 doz. \$5.00.

DAHLIA-FLOWERED GIANT ZINNIAS

MARVELOUS BLOOMS OF IMMENSE SIZE, MANY BRILLIANT COLORS. The Dahlia-Flowered Zinnia has a most lovely form, resembling a giant decorative Dahlia in the graceful arrangement of petals. Flowers are immense, measuring 5 inches and more across and 3 to 4 inches in depth. Sturdy, well branched Plants produce long stemmed flowers, well above the foliage.

MIXED COLORS. A complete mixture of some fifteen colors and shades. Seed 15c pkt. A. R. S. plants 20c doz.; 3 doz. 50c; 7 doz. \$1.00.

DAHLIA-FLOWERED GIANT MIXTURE

SPECIAL MIXTURE. The ever increasing demand for special color mixtures has prompted me to grow these charming colors, composed of lovely shades of PINK, YELLOW and LAVENDER, which blend in a most harmonious manner and give a bed or border of an unusually artistic effect, besides supplying many fine flowers for cutting. Seed 20c pkt. A. R. S. plants 25c doz.; 3 doz. 65c; 7 doz. \$1.30.

LILLIPUT, BABY or POMPON ZINNIAS

The Lilliput Zinnia is of a most appealing dwarf, branching habit. It grows 12 to 18 inches tall, forming a sturdy, bushy plant, literally covered with exquisite double, pompon flowers 1 to 1½ inches across. Ideal for borders, beds and table decorations. Mixed colors ranging from shades of Pink, Yellow, White, Rose and Purple. Seed 15c pkt. A. R. S. plants 20c doz.; 3 doz. 50c.; 7 doz. \$1.00.

New Giant Verbenas

Blooms measuring over an inch in diameter in large trusses on bushy plants. Splendid for beds, borders and rock gardens. Blooms profusely from mid-summer until frost.

ROSE SHADES, includes a wide variety of bright rose shades.

LAVENDER GLORY—New lovely, fragrant blooms of a beautiful, pure lavender with creamy eye.

FIREBALL COMPACTA — Bright scarlet flowers. Plants 6 inches tall.

A. R. S. plants 20c per doz.; 3 doz. 50c.; 7 doz. \$1.00.

Pot grown plants—10c ea.; \$1.00 per doz.; 6 doz. \$5.00.

New Annual Campanula Canterberry Bells

This desirable class blooms within six months from seed and have the same large flowers as in the Biennial Varieties.

We have plants of this new variety from seed sown sufficiently early to insure flowering this season. In shades of Blue, Rose and White mixed. Seed 15c pkt.

Plants 20c per doz.; 3 doz. 50c.; 7 doz. \$1.00.

Marigold 12 in.

Dwarf French Double

ROBERT BUIST. Attractive, double flowers of a deep rich Mahogany-red shade. Seed 10c pkt.

Plants 20c per doz.; 3 doz. 50c.; 7 doz. \$1.00.

Burpee's Giant Sweet Sultans

The large colorful flowers are borne during the entire summer and fall. Sweet scented and fine for cut-flowers, as well as for garden display. Lilac, Dark Purple, Rose, Amaranth Red, Pure White and Yellow mixed. Seed 10c pkt.

Plants 20c per doz.; 3 doz. 50c; 7 doz. \$1.00.

Sempervivun Gardens Become Popular

(Continued from page 1)

or House Leak family. From tiny rosettes covered with white hairs to the large rosettes six or seven inches across. The rosettes range in colors, gray, green, steel-blue and shades of reds. Flowers: Yellow, Pinks and Reds.

The names in many cases are jaw-breakers; the prices ranging from 15c to \$1.50 each; therefore to avoid confusion I will, this season, offer them in unnamed collections regardless of higher prices.

10, each different, \$1.50—Values 15c to 50c each.

25, each different, \$3.50—Values 50c to 75c each.

50, each different, \$7.00—Values 15c to \$1.50 each.

All rosettes are taken from named varieties but sent unlabeled.

If you desire them labeled add 25%.

Torenia Fournieri

Bushy globular plants, 10 inches. Literally covered with lovely, richly colored snapdragon-like flowers of a delightful sky blue with a touch of gold on the lip. They are excellent for beds, pots or hanging baskets.

Pot plants 10c ea.; \$1.00 per doz.

AGERATUM—Blue Ball

Deep dark blue. The plant grows nine inches and symmetrical. In full

bloom it is covered with small flowers giving the appearance of a blue ball. Elegant border plants.

Pot grown plants 10c ea.; \$1.00 per doz.

Pilea Serpyllifolia

ARTILLERY PLANT. An interesting house plant, easy to grow in a sunny window or in porch boxes during the summer. Hundreds of small flowers bursting open, explode and throw out a cloud pollen which accounts for the name.

Pot plants 10c ea.; 3 for 25c; 15 for \$1.00.

Geranium Mad. Salarolloi

A dwarf type of variegated, white and green, foliage geranium, non-blooming, used chiefly for edging beds and window box planting.

Pot grown plants 10c ea.; \$1.00 per doz.

Heliotrope. Royal Fragrance

Heliotrope is a universal favorite on account of its delightful fragrance and duration of bloom. Does well as a bedding plant or for window boxes.

Pot grown plants 10c ea.; \$1.00 per doz.

VEGETABLE PLANTS

CABBAGE—Ey. Winningstadt. Plants 15c per doz.; 8 doz. \$1.00.

LETTUCE—Ey. May King. An ey. quick growing lettuce. Plants 10c per doz.; 12 doz. \$1.00.

TOMATO—Marglobe. Decidedly disease resistant. Globe shaped, red fruit of a delicious flavor. Plants 20c per doz.; 3 doz. 50c.; 7 doz. \$1.00.

HARDY CLIMBING PLANTS

QUINQUEFOLIA. Virginia Creeper or American Ivy. A well known climber so effective to cover trees, trellises, arbors, etc., in a thorough manner and in a short time. Deep green foliage, changing to rich shades of yellow, crimson and scarlet in the fall.

Pot plants, 20c ea.; 3 for 50c; 7 for \$1.00.

EUONYMUS. These trailing varieties or Huonymus are particularly desirable as they have most attractive, dense, evergreen foliage which has proved entirely hardy. Some are splendid for ground covers and those of more vigorous habit may be used like ivy for covering walls.

R. Coloratus. Strong growing variety with long narrow leaves, tinted purplish red on the under side.

R. Kewensis. A variety with very small dark green foliage of particular value for rock garden.

R. Variegatus. A beautiful small leaf variety of rich green color beautifully variegated with white.

Any of the above 20c ea.; 3 for 50c; 7 for \$1.00.

IVY. Hedera.

BALTIC IVY. This variety is hardy as far north as Massachusetts. The variety is similar in appearance to the English Ivy only more hardy.

Pot Plants, 20c ea.; 3 for 50c; 7 for \$1.00.

ENGLISH IVY. (Hedera Helix.)

This is the most popular of all Ivies. Proves to be hardy during average winters as far north as New York City. 2¼" Pots, 15c ea.; 3 for 35c; 10 for \$1.00.

MINIATURE-LEAVED ENGLISH IVY. (Hedra Helix Gracilis.) Identical in habit with the English Ivy but with much smaller dark green foliage.

Thrifty plants from 2¼" Pots, 15c ea.; 3 for 35c; 10 for \$1.00.

VARIEGATED — MINIATURE-LEAVED ENGLISH IVY. A new introduction that is fast becoming popular because of its dainty leaves, cream white splashed green foliage with touches of purple, red throughout the veins in the fall and winter. Its leaves resemble fumed marble. This variety is still very scarce.

Pot Plants, 20c ea.; 3 for 50c; 7 for \$1.00.

VARIEGATED IVY. (Madeiraensis variegata.) A splendid new ivy with leaves larger and less indented than the type on the shiny purplish red stems. A clear cream white with model dark green central blotch.

Pot plants, 20c ea.; 3 for 50c; 7 for \$1.00.

VITIS. GRAPE IVY RHUMBIFOLIA

A graceful trailing vine with glossy green leaves and excellent subject for house culture.

Pot plants, 20c ea.; 3 for 50c; 7 for \$1.00.

HARDY JASMINE NUDIFLORUM

A favorite climber for a shaded position. Has beautiful, fragrant yellow flowers in early spring.

Pot plants, 20c ea.; 3 for 50c; 7 for \$1.00.

LONICERA HALLIANA HONEYSUCKLE

Large, fragrant, white flowers fringed yellow. Hardy, almost evergreen and profuse blooming. Used on trellises, fences, and on banks as ground covers.

Pot plants, 20c ea.; 3 for 50c; 7 for \$1.00.

POLYGONUM AUBERTIA (Silver Lace Vine)

Strong vigorous growth attaining height of 25 feet. The vines produce a great profusion of foamy white flower sprays. During the fall and often bloom in a limited way earlier in the season. Perfectly hardy, not troubled by any plant diseases. Does well in either sun or shade.

Strong plants, 50c ea.; \$5.00 per doz.

TENDER CLIMBERS AND VINES

PARLOR IVY. The well known German Ivy for wall, hanging baskets and urns; pretty, light bronze green with five to seven points. Pot plants, 10c ea.; 3 for 25c; 15 for \$1.00.

TRADESCANTIA (Wandering Jew). Thick, waxy, brilliantly striped foliage.

STRIATA. Bright green, striped creamy yellow with grayish-green reverse.

MULTICOLOR (Striped Maroon and Silver).

BRILLIANTANA. Bright wine red veined green bronze. Above varieties, 10c ea.; 3 for 25c; 15 for \$1.00.

THUNBERGIA (Black-eyes Susan Vine). Pretty in hanging baskets and as a ground cover. White, yellow and orange flowers, some with black centers. Pot plants, 10c ea.; 3 for 25c; 15 for \$1.00.

CHRYSANTHEMUMS

(Continued from page 1)

Spring planting can be started about May 15th continue through until the end of June, however, the first two weeks of June is preferred. When the plants arrive place the roots in a basin of water for a few hours. Set the plants in their locations during the late afternoon, water thoroughly to settle the earth around the plants.

Cultural Notes for Successful Results

START RIGHT by obtaining clean stock. It is not hard to keep such plants clean and healthy by following simple rules.

NEVER PLANT discarded greenhouse stock, which has been highly fed and forced (most Florists throw out such plants and buy new stock from the plant specialists).

WE GROW our stock plants in the field and greenhouse with special care under proper conditions for propagating. All plants are grown cool and kept clean. A visit here will convince you of this, visitors are always welcome. We invite inspection.

SOIL. Never plant on poorly drained soil. Although the Chrysanthemum likes moisture it does not like wet feet. Most any other type of soil will grow them well. Heavy clay soil produces splendid results. Loosen the soil by cultivation several times after planting and mulch when plants start new growth, using manure, grass-clippings and best of all tobacco stems. Mulching prevents rapid evaporation of moisture, feeds the plants and keeps down insect pests.

LOCATION AND SPACING. Plants may be set singly in hardy borders or beds with other flowers, allowing about 2 feet of room for the Hardy Varieties to naturalize and spread. In garden beds when planted alone 8 to 10 inches is plenty of room. For the ideal results I recommend the Chrysanthemum Bed with at least an 18-inch path through the middle of the bed. Beds may be made as long as necessary to accommodate the desired amount of plants. Each bed may contain six rows of plants in rows 6 inches apart and the plants set 8 inches on the row. This plan enables us to give plants special care in staking, disbudding, etc.

WITH THE APPROACH OF EARLY FROSTS, a frame may be built over the foregoing described beds strong enough to carry a covering of Cello Glass, Muslin or Burlap. Such improvised frames enables us to lengthen the Chrysanthemum season until after Thanksgiving.

These Prices Apply to the Following List of Plants Unless Specially Noted. All Plants Labeled at These Prices

A. R. S. Chrysanthemum Plants price unless otherwise noted. 10c ea.; \$1.00 per doz.; \$7.00 per 100.

Pot grown plants of the same varieties unless otherwise noted. 15c ea.; \$1.50 per doz.; \$10.00 per 100.

Large Exhibition Early Types

(Must be disbudded for large flowers about Sept. 10th.)

CELESTRA—Lt. Yellow—Oct. 10th.

INDIANOLA—Lt. Bronze—Oct. 8th.

SILVER SHEEN—Pure White—Oct. 20th.

LUSTRE—Bright Pink—Oct. 8th.

CHRYSA LORA—Yellow—Oct. 15th.

MRS. KIDDER—Bright Yellow—Oct. 25th.

"LUSTRE"

LARGE EXHIBITION MID-SEASON TYPE

(Must be disbudded and protected from early frosts.)

CHIEFTAIN—Incurved, Pink.

EDWIN SEIDEWITZ—Bright Pink.

HARVARD—Rich Garnet.

McNIESE—Amaranth—Pink.

SUNGOLD—Golden Yellow.

LARGE LATE EXHIBITION TYPE

(Must be disbudded and protected from early frosts)

(Use covering as suggested in foregoing paragraph)

CORONA—Bright Yellow.

GOLDEN GLORY—Yellow. Incurved.

HELEN FRICK—Dark Pink. Incurved.

SMITH'S BRILLIANT—Rich Crimson.

WILLIAM TURNER—Large, incurved. White.

TINY OR SMALL BUTTON CHRYSANTHEMUMS

(Pinch to encourage branching. Do not disbud)

BABY BUTTONS—Tiny. Light yellow buttons.

BEUNA—Tiny. Reddish-bronze buttons.

CHRISTMAS GOLD—Long lasting, golden flowers.

DAINTY MAID—Tiny, pearl buttons.

WEE DOT—Tiny. Reddish bronze.

MID-SEASON MEDIUM SIZED BUTTONS

(Flowers range in size from a nickel to a quarter. Do not disbud)

CORA PECK BUHL

—Yellow—Oct. 25th.

DOTSON—Old Rose.

Oct. 20th.

FIELDS OF SNOW—

Pure White. Oct.

25th.

GOLDEN NYMPH—

Bronze-Yellow. Nov.

15th.

NEW YORK—Bronze.

Nov. 15th.

NUGGETTS—Yellow.

Oct. 25th.

RODELL—Lt. Yellow.

Oct. 20th.

BEDDING OR ASTER TYPE CHRYSANTHEMUMS

(Pinch to encourage branching. No disbudding needed)

CLORINDA—Bronze. Thanksgiving.

INDIAN RED—Copper-red. November.

LUCIA—Attractive. Lilac Pink. October.

POPCORN—A bright Pink of merit. October.

ROSE CHARM—Bright, Rosy Pink. Nov. 1st.

SPECIMEN ASTER TYPE CHRYSANTHEMUM FOR CUT FLOWERS

(Allow 4-6 stems to a plant. Remove all but one bud from each stem for specimen flowers)

BUE—Bronze. Quilled, sunray.

DOROTHY TURNER—New, Yellow-bronze.

FIREBIRD—Early, Reddish-Maroon.

IRENE RICH—An attractive Pink.

SOURCE de 'OR—Pure Gold.

5 Outstanding Dwarf Varieties for Pots

(Suitable for Pots, Rockeries, or Borders. Due to their low bushy growth, unusual colors. Bloom early.)

A. R. S. Plants, 20c ea.; 3 for 50c; 7 for \$1.00. Matures October.

BUTLER'S CAPRICE—

Deep Pink.

LILAC CAPRICE—Deep

Lilac.

PURPLE CAPRICE—

Bright Purple.

YELLOW CAPRICE—

Golden Yellow.

WHITE CAPRICE—

Clear White.

Note Compact Growth of "CAPRICE"

Other Chrysanthemums on page 7

BALCONY AND BEDDING PETUNIAS

A charming type blooming so profusely that the plants are literally covered with blossoms during the entire summer. The graceful plants grow luxuriously even under adverse conditions. Well adapted for beds and borders and especially good for window boxes. Plants from pots ready about April 20th.

ROSE OF HEAVEN. Excels by its marvelous color, rich brilliant rose.

ROSY MORN. Lovely flower of a delicate rose pink with white throat.

DWARF COMPACT ERECTA MIXED COLORS. A special mixture of small and medium size flowers, which are produced so abundantly on the dwarf compact plants as to make them most desirable for showy beds and borders. Any above varieties from pots, 10c ea.; \$1.00 per doz. A. R. S. plants, 20c doz.; 3 doz. 50c; 7 doz. \$1.00.

Dwarf Double Petunias Giant Ruffled

Our plants are raised strictly from cuttings from the choicest new strains. **WHITE, PINK or RED.** From 3" pots, 15c ea.; \$1.50 per doz.

(Dwarf Giants)

Giant hybrid petunias, mammoth single flowers in many glorious colors, many flowers measuring four inches and more in diameter and of soft heavy texture.

The plants are vigorous and very free flowering. Plants from pots ready about May 1st, 15c ea.; 3 for 40c; 1 doz., \$1.50. A. R. S. plants 20c doz.; 3 doz. 50c; 7 doz. \$1.00.

COPPER RED. Giant. Distinct terra cotta red with bronze throat, beautifully ruffled.

ELKS PURPLE. Giant. Deep blue purple blooms forming a fine pointed star with their large smooth edged lobes, the veins are velvety black.

CALIFORNIA ROSE. Giant. Rose with veined white throat and heavily ruffled.

DWARF GIANTS OF CALIFORNIA. Giant. Mixed. Magnificent large flowers, born profusely on dwarf compact plants.

ANNUAL PHLOX DRUMMONDII

Dwarf Compact Bedding Phlox

For dwarf bed or borders where plants growing 5 to 6 inches tall are wanted. They bloom freely throughout the summer and fall with blooms almost as large as those of the tall phlox. We offer plants in a well balanced blend of primrose yellow, skyblue with white eye, bright chamoise pink and pure white. Mixed colors, strong transplanted plants, 1 doz., 20c; 3 doz., 50c; 7 doz., \$1.00.

DELPHINIUMS—Hardy Burpee's Flora Dale Giants

Finest mixed.

This is a glorious mixture with colors running from sky-blue, through corn flower blue, mauve, heliotrope, to deep pansy purple with many opaline variations and crested centers or bees in white, cream and black. Spikes 4-6 feet tall. A dozen or more plants should be planted at a time to insure variety.

Plants—\$1.00 per dozen; \$5.00 per 100.

A ROCKERY OF SEDUMS

Junior Sedum Garden Collection

Furnishes blooms all summer and foliage the rest of the year. In winter months, after frost arrives, and when not covered with snow the rocks are covered with beautiful sods and tufts of foliage that are now changed into beautiful greens, reds, bronzes, yellows, grays and blues which contrast beautifully with the rocks. My sedum rockery to me, is just as enjoyable as that portion covered with other flowers.

One generous clump each of twelve different varieties for \$2.00.

Send Me the Names and Addresses

of your friends and neighbors who have gardens and I will send you a packet of my

New Rust Resistant Snapdragon Seeds

in many beautiful, mixed colors. Send me the names of four persons with their addresses. You may include them with your order or send them separately.

If sent with a \$2.00 order, accompanied with cash, I will send also 1 packet of my Wilt Proof Aster Seed.

This offer expires April 15th, 1935.

FOR YOUR PROTECTION

When you buy plants from us you are sure of TWO very important stages toward successful results.

FIRST: The seed and plant stock from which we propagate is carefully selected and obtained from the best known sources of improved strains.

SECOND: Our type of soil and methods of growing plants produce plenty of good, healthy roots.

GLOXINIAS

These showy plants are easily grown in pots for summer or winter blooming. They make a glorious display of blooms for a long time. Plant the bulbs in small individual pots. The soil best suited should contain plenty of leaf mould, some sand and well rotted cow manure. Place the pots in a warm window and keep moderately moist but do not water to excess. When roots become crowded in first pots the plant should be transplanted into larger ones. Protect against direct, strong sunlight. Just before plants come into bloom an application of very weak liquid manure is of great benefit.

2 yr. bulbs, 20c each; 3 for 50c; 7 for \$1.00.

4 yr. bulbs, 40c each; 3 for \$1.00; 7 for \$2.00.

TUBEROUS ROOTED BEGONIAS

Unexcelled for summer bedding, such as lawn beds and borders. Make fine pot plants and prefer shade or partial shade. Soil similar to GLOXINIAS.

Frilled double flower bulbs, 1½ to 2-inch, 30c each; \$3.00 per doz.

SUNSET. Large, bright orange flowers. Frilled.

SNOWBIRD. Pure, glistening white. Crested.

SUNRISE. Large, bright, rosy pink. Frilled.

RED CHIEF. Large, bold, bright red. Crested.

CANNA: THE PRESIDENT

Most satisfactory dwarf, red flowers, with green foliage.

Dormant roots, 10c ea.; \$1.00 per doz. 3" Pot Plants, ready May-June, 20c ea.; \$2.00 per doz.

EUPHORBIA

MYRSINITES. Small creeping, plants of striking beauty, when protruding from wall pockets; or on the garden level, when the upright growth forms close ranks of 6-inch stems covered with fleshy, oblong, concave pointed blue leaves in close spirals. The spring flowers yellow in crowded umbels.

Clumps, 20c ea.; 3 for 50c.

POLYCHROMA. 1 foot. Attractive hemispheres of many stems clothed with dark green, oblong leaves. Yellow flowers, May-June, in 5-rayed umbels which snuggle into a whorl of leaves; also yellow tinged.

Clumps, 20c ea.; 3 for 50c.

BOXWOOD. Dwarf Edging

Bushy tops and root systems; 6, 8, 10 and 12 inches tall and just as bushy. Write your wants for prices.

HARDY VIOLETS

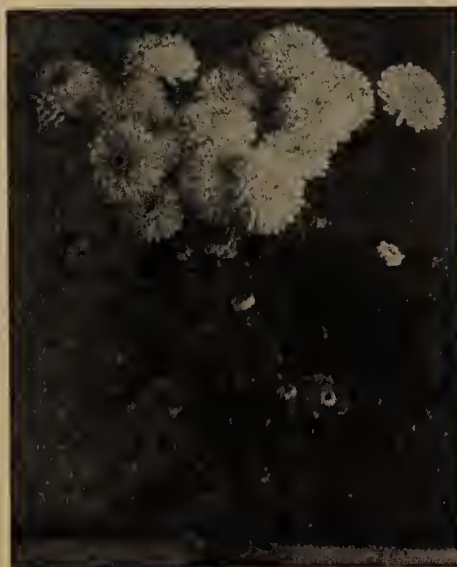

VIOLA ODORATA. Owing to their fragrance and simplicity of culture Violets have met with general favor, if planted in a shaded, moist position outdoors they will thrive and flower freely.

DOUBLE ENGLISH. Perfectly hardy border violet. Large double Violet flowers in early spring. 30c ea.; 3 for 75c.

GOV. HERRICK. Large flowers of a clear choice shade of blue. Single flower. 20c ea.; 3 for 50c; 7 for \$1.00.

GOLDEN NYMPH

GOLD COIN

DOROTHY TURNER

LARGE SINGLE FLOWERED CHRYSANTHEMUM

(To increase size of flowers allow one bud to a branch from 5 to 7 branches to a plant)

- BUCKINGHAM BRONZE—Nov. 5th.
 BUCKINGHAM CHESTNUT.

NEW EXTRA HARDY CHRYSANTHEMUMS

- EARLY BRONZE - Blooms late August. One of the earliest and finest of all hardy mums.
 CRIMSON SPLENDOR—Single. October first. Magnificent variety, producing masses of rich crimson maroon flowers, shaded to garnet.
 RUTH HATTON—Decorative. Pompon. October first. Most prolific bloomer. Clear Ivory White, with a lemon yellow center.
 FRANCES WHITTLESSEY — Decorative. October 1st. 18 inches. Rich bronze and garnet.
 VIVID—Decorative. October 1st. Big shaggy flowers the color of an American Beauty rose.
 A. R. S. Plants, 15c ea.; \$1.50 per doz.
 Pot Grown Plants, 20c ea.; \$2.00 per doz.

AZALEA FLOWERED CHRYSANTHEMUM

- PINK CUSHION—The plant is dwarf and spreading in growth. Very hardy and far more prolific than any other variety. Well established single plants of Pink Cushion carries several hundred flowers open at one time. In color it is a very pleasing rose-pink. Starts blooming in late August and continues to be a mass of blazing glory until late frost. We consider Pink-Cushion the finest outdoor chrysanthemum for bedding, rockeries and pot culture.
 Pot Plants, 40c ea.; 3 for \$1.00; \$3.50 per doz.

BORDER CHRYSANTHEMUM OF UNUSUAL MERIT

- GOLD COIN—Most useful yellow for mass planting among shrubbery, for disbudding or normal growth. Most ideal cutting variety.
 A. R. S. Plants, 15c ea.; \$1.50 per doz.
 Pot Grown Plants, 20c ea.; \$2.00 per doz.

NOTE—Any of the CHRYSANTHEMUM Plants listed herein can be supplied POT GROWN and sent to you with balls of soil attached. Your selection of varieties and colors (unless noted otherwise) 15c ea.; 12 for \$1.50; 50 for \$5.50; 100 plants, \$10.00.

NOTE: A. R. S. ABBREVIATIONS.

A. R. S. is an abbreviation and stands for ADVANCED ROOT SYSTEM. Meaning the plants are transplanted once or twice in new soil to induce new and stronger root growth.

GUARANTEE:

Every item I offer is guaranteed to be as represented in this list, and to reach you in healthy, growing condition. I will replace any plants that fail to grow, when reported within twenty (20) days or refund your money you have paid on any item you are not satisfied with upon your returning same. At no time do I assume responsibility for more than purchased price. This list cancels all previous offers.

NOTE: If when filling order we do not have the size clumps or pot plants you have ordered, we will (if on hand) send larger sizes at no increased cost. Also, when smaller sizes are (only) on hand we will make up the difference in quantity or refund the difference.

INVITATION:

If convenient call and see my stock. Visitors are always welcome as I like you to see what you are getting for your money. JOHN L. LOCKARD.
